

Welcome

to Your Action Planner for “Fire Your Way to Success.”

Please save a copy of this document to your device before you fill in the questions.

Part III: Fire Your Processes

- What processes you have in your business. Which ones need to be standardized and documented?

- Create a list of processes that you need to update. Which processes cost the most time or money? Which ones have the least results?

- Write down how you will change some of your processes. What will you automate or simplify?

Thank you for joining me on this course, and congratulations for completing it!

Please send all your feedback to my team at sales@connexcommerce.com
